Garber Sept. 14

Heavy rain Sunday night and Monday. Plenty of water for every thing. Wild fall pasture in best shape we ever saw it. Some complaint that pasture is not rich as milk is poor, but it does keep stock from requiring other feed, and with plenty stored up, the farmer will be saved some from expensive feed this winter.

Mrs. Libby Fronaberger and daughter Fern returned home from Kansas City where they have been visiting with Mr. and Mrs. W. R. Cathel and wife for several days.

J. H. Gregg and wife went to Crane last Thursday and visited with Mrs. Greggs Parents until Monday.

Prof. Beal of Springfield, a music teacher, visited at Garber and the Cave the front of the week and then went on to Branson to take in the lake scenes. His vacation lasts till Sunday. Elton Fronaberger and wife visited Branson Monday night and took in the show.

Lonnie Jones and wife, of Eureka Kansas, came in last week and visited with his brother Leonard till Monday evening, then went to Monet to visit a day or two before returning to work. Lonnie is employed by the List and Weatherly construction company in concrete work, and the water being so high, they have had to lay off a few days.

J. F. Leckrone and wife are still in North Kansas trying to thrash between rains, but are making slow progress.

The Boastel Lumber Co., operating their mill up this side of Notch, are cutting out the last of the pine timber that has decorated the hills so many years, when gone the cedar will be the only green on which to feast our eyes during our dead winter months. It does seem that a few these rugged giants might be left as memorials to mark the sight of the one time fine old pine forest.

Our stockmen have sold their cattle to be delivered next month to the buyers, but if shipping conditions continue as they are they may have to hold them for some time. R. L. Cantwell has had a car ordered for two weeks, and no car yet. The road seems to have all it can well handle with the equipment it has for heavy traffic is passing both ways.

The raise in passenger fare does not seem to slacken travel any, as people will go, cost what it may, when they have the price.

Trains 209 and 210 the new passenger is yet on the rails, but is likely to be pulled off at any time, perhaps this week, in which case getting up early will stop and we can take our usual morning nap.

BLUFF

Sept 14.
 We are having some cooler weather after the rain.

The picnic here Friday and Saturday did not have a very large crowd, but everybody seemed to enjoy themselves. Chester Keithley won the horse race and rode the bucking mule.

Emma Sportman spent Saturday night with home folks.

Mabel Keithley spent Saturday night and Sunday with her mother.

E. C. Pope doesn't seem to be improving very much.

Grandma McClurg is very sick at this writing.

Mrs. Price is visiting her daughters Mrs. Pearl Barnhart and Mrs. Flossie Chapman.

MILDRED

September 13.
 Plenty of rain and warm weather.

Mrs. W. S. Jeffrey is on the sick list this week.

Dave Edwards passed through here on his way to Branson with a load of cedar posts. Dave says cedar has taken a fall since the heavy rains.

The Apostolic meetings which began at the Mount Olive church last Sunday night have been growing larger each night. Rev. Turnbull has been doing the preaching and his sermons have been well received.

Quite a number of citizens around here are wanting to sell out. They are taking the Oklahoma fever.

Dave Cobb is preparing to sow wheat before he goes to Oklahoma.

W. S. Jeffrey is preparing to make sorghum next week.

Cotton picking will start up around here in a couple of weeks and then we look for the price of cotton to go down and the price of overalls to go up.

These are the greatest times ever known for young men and women who graduate from Springfield Business College. They take situations immediately after graduation at excellent salaries and there is such a scarcity of prepared persons that promotion is very rapid. Graduates of telegraphy and of the complete business course are in the greatest demand. Every young person wanting a situation at from \$100 to \$150 a month should write for the beautiful catalog that will be sent free on request. Write President J. A. Taylor to day.

TANEYVILLE

Sept. 14
 Newt Grady and wife returned from Ozark Friday.

Minnie Polley passed through here Friday on her way to Kisse Mills to visit her parents, Norman Combs and wife.

Mr. and Mrs. Crawford Grant have returned from a trip to Arkansas and Oklahoma visiting relatives. They report a good time while gone.

Mrs. Fannie Day is reported much better. Her case of typhoid did not turn out to be as bad as feared from first symptoms.

W. J. Caudill and John Skinson drove to Forsyth Tuesday on business.

E. L. Chappell of Fairbury, Neb., has purchased a farm of Sherman Johnson.

Florence Middleton of Dickens passed through here Tuesday on her way home from Springfield.

Mrs. Arthur Middleton of Springfield is a guest of Mrs. F. E. Davis.

The grandest social event of the season took place at the home of W. W. L. Robertson Monday evening, the occasion being the birthday of Mr. Robertson and W. J. Caudill. About one hundred of their friends met for a good social time, and were served with ice cream and cake. C. E. Smith, Jim Jones and Chester Bennett furnished the music.

Harvest moon this time,

Straight talk on Cream Separators by JAMES BROS.

Forsyth, Mo.

COST—is what you put into a cream separator.
VALUE—is what you take out of your cream separator.

Value in a cream separator depends upon the amount and the quality of service to be got out of it.

Because it lasts fifteen to twenty years, the De Laval is the most economical cream separator to buy. Considering its cleaner skimming, easier running, greater capacity and less cost for repairs, the price of the "cheapest" machine on the market is exorbitant in comparison.

With present high butter-fat prices and the scarcity of labor this is truer today than ever before.

We would like an opportunity to talk this over—next time you are in town

Sooner or later you will buy a **DE LAVAL**
